Mr. Stump has successfully filled the position as Principal of Concord High School for the past fifteen years. We all feel, especially the seniors, that his leadership makes our high school one of the best.

Mr. Stump has a Bachelor of Science degree from Ball State Teachers' College and a Master's degree of Education from Indiana University.

Mr. Miller has been principal of the grade school for the past eighteen years. His keen interest in the school and its activities makes him one of our truest friends.

He has a Bachelor of Science degree from Goshen College and has attended Ball State Teachers' College.

Much of the progress of Concord High School has been due to the efforts of Mr. Nusbaum, who completes his fourth year as trustee of Concord Township. His willingness to provide new, and to replace out-of-date equipment has been greatly appreciated.

Miss Nancy Russ, a graduate of the class of 1948, for two years has been secretary in the office of Concord High School. Her friendly and accommodating ways are greatly appreciated by the faculty and students alike.

Our Diary

Have you ever tried to remember things that had happened in the previous year and found they had slipped your mind? Maybe with the help of our diary you can remember some of the things that happened in the year '49-'50 around school.

Sept. 6. First day at school and to our surprise we found many of the rooms brightly painted, new clocks in all of them, and even new vocal music and chemistry teachers.

Sept. 9. When the bell rang in Journalism class today, "Ozzie" was found tied to a chair by his shoestring. He was unable to get loose until kindhearted "Lefty" Sweazy offered his assistance.

Sept. 21. Why is every one so excited? Why the first issue of the "Hi-Times" came out. Who wouldn't be excited?

Sept. 28. One of our most dignified seniors, none other than "Moan" Marks, was seen jumping over the hedges on the front lawn today.

Oct. 5. Mrs. Healey was on hall duty today noon, but she took time off to eat candy and chat in the bookstore.

Oct. 10. The flag was flown at half mast in honor of Dick Eyman, who died of Polio yesterday.

Oct. 11. Mr. Gwaltney finally got his wish. There were four shiny red apples on his desk this morning.

Oct. 18. Tom Strickler had better plan to get some sleep at night. Mrs. Healey sent him out of Journalism for sleeping in class.

Oct. 20. "Best play in a long time!" "Really funny!" Those were just a few of the comments after the Senior play, "His Ozark Cousin."

Oct. 21. The appearance of the bookstore was greatly improved with the new show case which Mr. Stump bought for the seniors.

Oct. 31. Someone evidently wanted to change the scenery around C. H. S., for they planted a tree on the baseball diamond.

Nov. 3. "Mac" decided to drink pop today instead of teaching 5th period.

Nov. 7. Mary Christian was running around the halls with a sign "TRAITOR" on her back today. We all know it was because she sat on Waky's side Friday night.

Nov. 14. Of all things! Dallas Martin had his trouser legs stapled together to keep the press in them. Now we know!

Nov. 16. One of our star players, Jack Davenport, had his wrist broken in a rough game with Shipshewana.

Nov. 21. Gloria Helmuth was really surprised when her friends gave her a birthday party this noon, complete with cake and presents. Happy Birthday, Gloria.

Nov. 23. The Thanksgiving Home Talent Show got us all in a gay mood for the coming holidays.

Nov. 29. Marlene Lienhart learned at least one thing today. You aren't supposed to crack your gum in study hall. Anyway not when Mr. Myers is around!

Dec. 25. Merry Christmas to all.

Jan. 1. Resolved: A bigger and better diary next year.

Outlooks On

Walking through the streets of the city of Dunlap in the year of 1965, Mr. Kreider, who has just returned from Washington, finds everything in an uproar. This is due to the opening of the new Hot Shot Night Club, under the management of Bob Kiefer. As he steps inside he comes to the hat check counter, with a very attractive girl behind it. Upon inquiring he finds her name is Mary Christian. He is shown to his table by Roger Haines, the head waiter. His attention is attracted by a glamorous cigarette girl. By close observance he discovers she is Jean Nelson and she has a run in her stocking. Mr. Kreider's cocktail is brought to him by James Clipp, another waiter, as the floor show begins. The curtain goes up and it reveals Esther Miller and her Honky Tonk girls. "Queeny" Miller introduces her girls as Emogene "Legs" Schrock, Marilyn "Fee Fee" Belt, Barbara "Bubbles" Bucher, and Rebecca "Can Can" Robinson. As the show gets under way one of the patrons, who is none other than Rex Berger under the effects of his last twelve cocktails, makes a grab for "Queeny" and just in time Jim "Fearful" Lambka, the bouncer at the Hot Shot, lends a helping hand and takes Rex to a more appropriate place. The Honky Tonk girls are a little rattled after this and refuse to continue; however the quick thinking of manager Kiefer saves him from this embarrassing situation. He quickly brings in a television set with a four foot screen and places it in full view of everyone. Bob flips the switch but nothing happens, so he hurries to his office and calls the Dunlap T.V. Repair Shop. The repair man arrives and Mr. Kreider is somewhat surprised to see it is Stewart Cummins. Stewart has the set fixed in a matter of minutes and to see if it will work properly he tries a few stations. At first Mr. Kreider thinks he's dreaming but he soon realizes that the picture on the screen is really Julius DeMetz dressed like the Lone Ranger. The next station is telecasting a basketball game between the world famous Concord Universe Trotters and the Mars Martians. The Trotters roster consists of Jack Perkins as center, Keith Sweazy and John Anderson as forwards, Jack Davenport and Robert "Rabbit" Oswald as guards. They played their usual slow game the first half and at the end of the first half the score is the Mars Martians 137, the undefeated Concord Universe Trotters 72. The Trotters' famous coach, Eldon Speicher, takes the boys downstairs and gives them a good talking to. Stewart changes stations and what should he find next but a hot rod race. Prerace interviews are being announced by Dean Vantine. He has just come to the last pit and spots the world champion hot rod driver, Myron Rassi, and his famous mechanic, Larry Ulrey. Myron says he will win the race if one of his pistons doesn't spring a leak and if his mechanic holds out. Next he picks up a tele-cast from a New York hot spot featuring the dance band of Carl Rich. Some of the band's more famous musicians are Tommy Nelson, Phil Tinsley, who has just recently started playing the flute, and Nelson Stutsman. The big attraction, however, is the singing of Dick Troyer. As Mr. Kreider views the audience he sees many familiar Hollywood celebrities. He is quite pleased when he sees Maxine Custer, a New York model, with Pete Heffner, manager of World Champion Light Heavy-Weight

the Future

Boxer, Louie Brock. Sitting at the next table is Mr. Thomas Strickler and his wife, the former Miss Barbara Richardson. Mr. Strickler is the well-to-do editor of the Chicago Hi-Times, under the joint ownership of Marilyn Kime and Dorothy Hartwick. The house lights go out and into the spotlight steps Dick Troyer. The band begins to play as Dick sings "Mule Train," his old favorite from way back in 1949. All of a sudden there is a great commotion in the kitchen of the Hot Shot. Gloria Helmuth, one of the dishwashers, is yelling frantically for help. Mr. Kreider goes to the rescue and finds that Kathryn Everest, and Barbara Tenney, kitchen helpers, have swooned from Dick's singing. He quickly pulls Barbara's head out of the dishwater, where it fell when she fainted, and administers artificial respiration. The excitement was just too much for Arlene Pepin; she has a heart attack. Donna Castetter, the head cook, calls Priest's Memorial Hospital, which incidentally was founded by Donald Priest. In a few minutes the ambulance arrives and Gloria Shaw, one of the nurses, gives Arlene a hypodermic. After she recovers and everything is going smoothly Mr. Kreider returns to his table and finds Norma Marks, and Lois Stickel waiting for him. During their conversation Charlene Renner appears and asks Mr. Kreider if he would like to buy the picture she has just sketched of him. He soon solves this problem by calling on "Fearful" Lambka. Lois tells him that Donna Fasig has just recently been elected United States Senator from California, and that Barbara Loucks is a school teacher, along with her and Norma, at Concord Municipal High School. Mr. Kreider decides he would like to see how the Concord Trotters are getting along so he goes to the television set and starts turning the dials. He picks up a tele-cast from John Stiffler's bowling alley. The announcer tells us that the world bowling championship trophy has just been won by Esther Reed. Mr. Kreider tries desperately to find the Trotters basketball game but instead he finds the championship hot rod race. It looks like Myron Rassi is going to win this great event, but no he has a blowout and he is just one lap from the finish line. Dick Spangle, the owner of the Spiffy Spaffy Spangle Packard Garage and chief backer of Myron's hot rod, is frantic. He shouts "Do something somebody, do something." Just then Larry Ulrey dashed onto the track with something under his arm. He quickly jacks up the car and ties a skate to the tire. Myron then pilots the racer to the finish line and the championship. Mr. Kreider is exasperated, but he gives the dial one last twist and there on the screen appears the Concord Universe Trotters basketball game in the dying seconds. There is a long shot by John Anderson. It swishes through the cords as the gun sounds and the Trotters win the Universal Championship 138 to 137. Cheerleader Dallas Martin runs out on the floor with Rosemary Weber to tell the fellows what a great game they played and to cheer up substitutes Roy Yoder, and Gene Siler who didn't see any action in this great game. Mr. Kreider is very happy but by this time he is on the verge of a nervous breakdown so he vows not to return for another fifteen years. Upon entering the bus to go back to Washington, Mr. Kreider goes into a dead faint as he sees the bus driver is none other than Frieda Oetting.

This years' baseball team was successful in winning eight out of nine games. The only defeat came from Jimtown High School, who is the only team that can say they beat CONCORD in the last four years. They won the COUNTY FLAG for the fourth straight year. They also won the game played annually at the county fair, for the SOIL CONSERVATION TROPHY, which you have to win three years in a row before you can keep it. The MINUTEMEN will lose nine men by way of graduation; they are: John Anderson, Jack Davenport, Bob Oswald, Jack Perkins, Gene Siler, Nelson Stutsman, Keith Sweazy, Phil Tinsley, Dick Troyer, and Roy Yoder. Roy Yoder led the team in the hitting department with an average of .423.

RAH RAH! RAH RAH RAH!

TEAM! TEAM! TEAM!

This time the Rah's are for the team of four—Pat Sharkey, Janice Tenney, Dallas Martin, and Bob Kiefer. Our yell leaders have led the student body in cheering our teams on to those victories of which we're so proud.

Dallas Martin, a senior, and Pat Sharkey, a sophomore, are both veterans as they were yell leaders last year. This year they were joined by Bob Kiefer, another senior, and Janice Tenney, a freshman.

For the first time Concord had four yell leaders which, we have found, were very successful at the games with a yell section as large as ours.

YEAH TEAM!

SENIOR CLASS HISTORY

The power is turned on and the Concord Past is revealed on the television screen. Past scenes are reviewed. With our leader as Mrs. Mater, we chose as our President, Dick Troyer and his assistant Mary Christian as Vice-President. Rosemary Weber, ably kept track of the meetings while Norma Marks guarded the money. We had an enrollment of 71.

As the curtain again opens Mr. Showalter is seen advising his class as to the future problems that will arise. We selected Dick Troyer as our President, Jack Davenport as Vice-President. Norma Marks acted as Secretary and Jack Perkins kept track of the dues. We had a successful sophomore year and looked forward to our junior year.

We then entered upon a more dramatic scene, our junior year. As we looked around for an able advisor we found him to be Mr. Kreider. By an overwhelming vote Dick Troyer was elected President and Jack Perkins was chosen as Vice-President. Secretary Mary Christian kept the record while Treasurer Norma Marks held us to our budget. One of the activities of our junior year was our class play "Green Midnight," which was a big success. We received our class rings and were very well pleased. Also we had as another highlight a class party in which we saw a very romantic scene taking place—G'oria Helmuth and Myron Rassi holding hands. We also entertained the 49'ers at our annual Junior-Senior banquet. Dick Troyer served as toastmaster. It was really a scene to remember—all those beautiful formals and suits with dashing neckties. We all anticipated an exciting senior year.

For our most important year of school we elected Mr. Kreider as our sponsor, Jack Perkins as President, Dick Troyer as the Vice-President, Mary Christian as Secretary and as our Treasurer, Jack Davenport. We often think of the high lights of the year, such as the class play, the banquet, commencement and we never shall forget the trip to Washington which concluded our fourth scene.

Senior Bookstore

The bookstore under the management of the class of "50" served the students in a newly decorated and attractive store. The managers and their assistants were selected by members of the senior class. The fourth noon hour was managed by John Anderson; assisted by Carl Rich, Esther Reed, and Rosemary Weber. During the fifth noon hour Jack Perkins managed with Wayne Speicher, Mary Christian, and Lois Stickel helping him.

It seemed there was only one way traffic at noon hour and that was to the bookstore. Books and school supplies were sold, as these were necessities, but the rush was for the candy, ice cream, and pop. The money from these sales filled our cash box each day.

Librarians

Our library was under the management of Mrs. Healey. They did a fine job in keeping the library in good order and in assisting the students in the library.

The library had quite a few changes this year when we came back to school. There were new metal book cases and a new filing system had been made during the summer by Mrs. Healey and Nancy Russ. Also there were many new and rebound books. Each month there are two new fiction books added to the library, one is for the boys and the other is for the girls. In January we received a set of World Book Encyclopedias.

Operating Personnel

To Mr. Myers we wish to express our thanks and appreciation for a clean and attractive building. The efficient way he goes about his work keeps us warm and comfortable while we study and carry on our school activities.

Concord has a fleet of fourteen buses with dependable drivers who have an excellent record for getting our students to school on time. The drivers are:

This year the cafeteria was under the direction of Mrs. Myers, Mrs. Shaw and Mrs. Yunker (not pictured). The meals were not only well balanced but really delicious with variety throughout the week. The students and faculty have appreciated this very much.

SELECTED FOR
THE AMAZING NEW TERRACE PLAZA HOTEL

NIBCO

COPPER TUBE FITTINGS and COPPER DRAINAGE FITTINGS

"Nothing but the best," was the rigid rule when the new Terrace Plaza in Cincinnati was planned. The most advanced ideas in structure and service facilities, the finest embodiment of those ideas in materials and equipment—these were the policies of the builders of this most modern hotel in the country.

That's why it means so much that Nibco fittings with copper tube were used throughout—for the heating, air conditioning and water lines and for the copper drainage fittings. Nibco fittings in sizes up to 6 inches were installed in this job by the E. J. Nolan Corporation and the Carrier Corporation, and were supplied by the Mutual Manufacturing and Supply Co., Nibco distributors in Cincinnati.

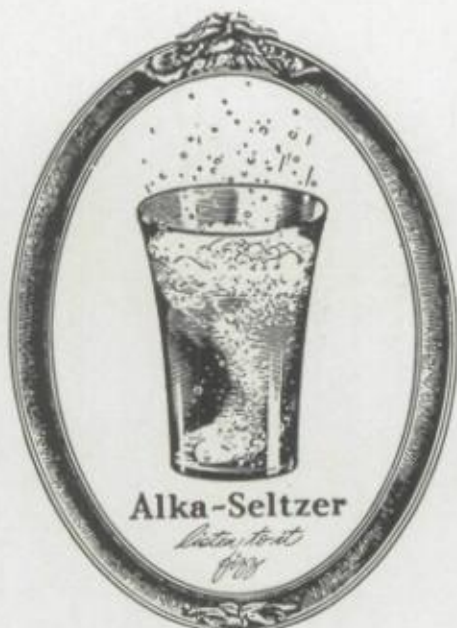

Over 7 miles of piping were required for the system which heats—and cools—the hotel, with individual controls in every room. Materials throughout were chosen to cut maintenance costs to the bone. Nibco fittings were chosen for quality first, and for completeness of the line to meet all needs.

For every job—large or small—it will pay you to standardize on Nibco fittings. They help speed the job and insure customer satisfaction.
